Scrutiny Committees

The ITA has two Scrutiny Committees - one for Bus and one for Integrated Transport.

The ITA has two Scrutiny Committees - one for Bus and one for Integrated Transport.

The purpose of the Scrutiny Committees is to help ensure the Integrated Transport Authority delivers its objectives. Scrutiny provides a mechanism for the ITA's decisions and policies to be reviewed and examined in order to contribute to service improvement and ensuring value for money.

Scrutiny is about constructive criticism and open transparent decision making in public services which should contribute to the delivery of efficient and effective services that meet the needs and aspirations of local people.
